EDITORIAL

The New National Center for Nursing Research: The Challenge and the Opportunity 1
Madeleine H. Shearer

ARTICLES

Recent Trends in Family-Centered Maternity Care for Cesarean-Birth Families 3
Elizabeth L. Shearer, M.Ed., M.P.H., Patricia H. Shiono, Ph.D., and George G. Rhoads, M.D., M.P.H.

Relationship of Street Drug Use, Hospitalization, and Psychosocial Factors to Low Birthweight Among Low-Income Women 8
Betty Lia-Hoagberg, R.N., Ph.D., Karen Knoll, R.N., M.P.H., Sheldon Swaney, B.A., Gertrude Carlson, B.S., and Sara Mullett, B.S.N., M.P.H.

Electronic Fetal Monitoring During Premature Labor and the Occurrence of Perinatal Mortality in Very Low Birthweight Infants 14
Kirkwood K. Shy, M.D., M.P.H., Andrew F. Olshan, M.S., Durlin E. Hickok, M.D., M.P.H., and David A. Luthy, M.D.

The Role of Social Support in the Prevention of Preterm Birth 19
Robert L. Bryce, M.D., F.R.C.S.(C), Fiona J. Stanley, M.D., and Murray W. Enkin, M.D., F.R.C.S.(C)

Commentary: Rethinking Social Support in Preterm Birth Prevention 23
Judith Lumley, M.A., M.B., B.S., Ph.D.

Free-Standing Birth Centers: Prospects and Problems 25
Pamela S. Eakins, Ph.D.

Commentary and Response: The Malpractice Insurance Crisis and Free-Standing Birth Centers 30
Madeleine H. Shearer and Pamela S. Eakins, Ph.D.

A Quick Reference Table of Interventions to Assist Families to Cope with Pregnancy Loss or Neonatal Death 33
Marianne Hopkins Hutti, R.N., M.S.N.

ROUNDTABLE

More on Newborn Surgery Without Anesthesia 36
Jill R. Lawson

Newborn Surgery Without Anesthesia: Is the Problem Solved? 36
Madeleine H. Shearer

How to Raise Professional Awareness of the Need for Adequate Pain Relief for Infants 38
Nance Cunningham Butler, M.A.

Midwifery Comes to Canada 65
Penny Simkin, P.T.

ARTICLES

Psychologic, Physical, Nutritional, and Technologic Aspects of Intravenous Infusion During Labor 67
Niles Newton, Ph.D., Michael Newton, M.D., and Jeannine Broach, B.S., R.N., A.C.C.E.

Commentary: Current Practices of Intravenous Fluid Administration May Cause More Harm than Good 73
Steven G. Gabbe, M.D., F.A.C.O.G.

The Use of Intravenous Fluids During Labor 75
Ann Blystad Keppler, R.N., M.N.

Commentary: Reconsidering the Risks and Benefits of Intravenous Infusion in Labor 80
Louis D. Pollack, M.D.

Food and Beverages in Labor. Part I: Cross-Cultural and Historical Practices 81
Jeannine Broach, B.S., R.N., A.C.C.E., and Niles Newton, Ph.D.

Commentary: Cross-Cultural Perspectives on Birth Practices 86
Carol Laderman, Ph.D.

Food and Beverages in Labor. Part II: The Effects of Cessation of Oral Intake During Labor 88
Jeannine Broach, B.S., R.N., A.C.C.E., and Niles Newton, Ph.D.

Commentary: The Case Against a More Liberal Food and Fluid Policy in Labor 93
M. Joanne Douglas, M.D., F.R.C.P.(C).

A Retrospective Evaluation of a Model of Midwifery Care 95
Karyn Kaufman, R.N., C.N.M., Dr. P.H., and Helen McDonald, R.N., S.C.M.

CASE REPORTS

Bilateral Common Peroneal Nerve Palsy Secondary to Prolonged Squatting in Natural Childbirth 100
Mary E. Reif, M.D.

Intermittent Brachial Plexus Neuropathy Secondary to Breast Engorgement 102
Penny Simkin, P.T.

Commentary: Entrapment Neuropathies in Birth and Breastfeeding 104
Murray W. Enkin, M.D., F.R.C.S.(C)

EDITORIAL

Some Effects of Assisted Reproduction on Perinatal Care 131
Madeleine H. Shearer

ARTICLES

In Vitro Fertilization: Reflections on the State of the Art 134
Helen Bequaert Holmes, Ph.D.

Commentary: Embryo and Fetal Abnormalities in IVF 145
Ismail Kola, Ph.D.

Some Consumer Aspects of In Vitro Fertilization and Embryo Transfer 148
Andrea Bonnicksen, Ph.D.

"It's Going to Work for Me." Responses to Failures of IVF 153
Linda S. Williams, Ph.D.

The Risk of High Multiparity with IVF/ET 157
Frances V. Price, B.Sc.Econ., Ph.D.

Views of Cesarean Birth Among Primiparous Women of Mexican Origin in Los Angeles 164
Laura H. Cummins, M.A., Susan C.M. Scrimshaw, Ph.D., and Patricia L. Engle, Ph.D.

The Patient Observer: What Really Happened at the Bedside? 171
Paulina G. (Polly) Perez, R.N., B.S.N., A.C.C.E. (R), and Bethany M. Hays, M.D., F.A.C.O.G.

ARTICLES

Rethinking Oxytocin Protocols in the Augmentation of Labor 199
Peter Curtis, M.D., and Norma Safransky

Commentary: Oxytocin: The Need to Distinguish Between Induction and Augmentation and Between Multiparas and Primiparas 203
Peter Boylan, M.A.O., M.R.C.P.I., M.R.C.O.G., and Dermot MacDonald, M.A.O., F.R.C.P.I., F.R.C.O.G.

Commentary: Yes, Virginia, you can combine active management of labor with high cesarean rates. . . . 204
Judith Lumley, M.A., M.B., B.S., Ph.D.

Unexplained Differences in First-Stage Labor Duration in Primiparas at North American and European Hospitals 205
Molly Thomson, Ph.D.

Different Rates of Prolonged First-Stage Labor in Primiparas at Two Hospitals 209
Molly Thomson, Ph.D.

Modifying the Stomach Contents of Laboring Women: Why and How; Success and Risks 213
Susan McKay, R.N., Ph.D., A.C.C.E., and Charles Mahan, M.D., F.A.C.O.G.

How Can Aspiration of Vomitus in Obstetrics Best Be Prevented? 222
Susan McKay, R.N., Ph.D., A.C.C.E., and Charles Mahan, M.D., F.A.C.O.G.

Commentary: Setting the Record Straight 230
J. Selwin Crawford, F.F.A.R.C.S., F.R.C.O.G.

Response to Dr. Crawford 233
Susan McKay, R.N., Ph.D., A.C.C.E., and Charles Mahan, M.D., F.R.C.O.G.

Lead and Pregnancy 236
Michael Rabinowitz, Ph.D.

Perinatal Loss: Providing Emotional Support for Bereaved Parents 242
Deborah L. Davis, Ph.D., Marguerite Stewart, R.N., B.A., and Robert J. Harmon, M.D.

Premature infants
breastfeeding, 123(av)
relationship of intrapartum EFM and perinatal mortality, 14–17
review of *Breastfeeding Your Premature or Special Care Baby*, 185–186
Premature menopause, 136
Prepregnancy care, review of *Pre-Pregnancy care: A Manual for Practice*, 184
Preterm birth
extreme vs. mild preterm delivery, 24
high-risk group definition, 24
preventive programs, 19–20
research on social support, 20
social support, 21, 23–24
stress model, 20–21
Preterm labor, psychosocial factors, 8
Probable birth rate, 135
Professional liability insurance
for free-standing birth center staff, 27–28
premiums for OB/GYN, 30
Progesterone, luteal phase support, 140
Pronuclear-stage tubal transfer (PROST), 158
Psychologic services, for perinatal loss, 245
Psychology, review of *Pre- and Peri-Natal Psychology. An Introduction*, 251
Psychosocial assessment, for mothers with low and normal BW infants, 9–12
Pulmonary edema, 214

Ranitidine, 217
Ringer's lactate, 76

Selective birth, 160
Semen collection, 138
Sexual abuse, of mothers of low birthweight infants, 12
Single mother, pregnancy, 53(av)
Smoking, by mothers of low birthweight infants, 11
Social class, stress and, 21
Social services, for perinatal loss, 245
Social support
clinical trials for women at risk of preterm birth, 21–22
in preterm birth prevention, 23–24
research, 20
Socioeconomic class, maternal mortality and, 226–227
Special care infants, review of *Breastfeeding Your Premature or Special Care Baby*, 185–186
Spina bifida, etiologic factors, 146
Spontaneous abortion
blood lead levels during pregnancy and, 236
of IVF pregnancies, 146
State anxiety, 20–21
Stillbirth, 55(av)
blood lead levels during pregnancy, 236
coping interventions for family, 33–35
Stomach, emptying. *See* Gastric emptying
Stomach acidity, reduction, 216–217
Stress, preterm birth and, 20–21
Succinylcholine
intragastric pressure and, 225, 235
during pregnancy, 232
Sudden infant death syndrome, review of *Sudden Infant Death. Patterns, Puzzles and Problems*, 115
Superovulation, 136, 146, 147, 158
Support groups, parental, for perinatal loss, 245
